

Helping commissioners and service providers achieve a step-change in the quantity and quality of Tier 3 prescribing in the UK. A dynamic organisation bringing together some of the most experienced professionals in the field.

**Martin Blakebrough – Gill Bradbury – Dr Gordon Morse  
Sebastian Saville – Prof Gerry Stimson  
Monique Tomlinson – Mike Trace**

Working with DATs, Trusts and other organisations to implement improved service models for case management, integrated care and dispensing.

**We need:**

- Doctors, nurses and other clinical/management staff with excellent track records in this area - please send your CV if you want to be involved with us in improving Tier 3 services

**We offer:**

- Expert consultancy support with planning, purchasing or service evaluation
- Assistance in shaping or improving the delivery of services
- Alternative provider of Tier 3 prescribing services (DIP or mainstream) able to deliver high quality and cost-effective treatment quickly
